Technical Characteristics

Friday 26 March 2021

Sprint distance „With Map Through Tarnovgrad“

Map Park Druzhba

Scale 1:4000 2,5m. Equidistance. The map is made according to the IOF sprint distance standards - ISSprOM 2019, by Apostol Atanasov and Valentin Shishkov December 2020 – March 2021

Terrain: Varying from flat to very steep.

Roads: Very well-developed infrastructure with tracks, alleys, stairs, and streets from all categories.

Vegetation: In the park the vegetation is with very high runnability and excellent visibility, however, some of the areas between the blocks are overgrown, and hard to cross.

Saturday 27 March 2021

Knock-out Sprint, sprint distance and first round of “Bulgarian Park Cup”

Map Varusha - North

Scale 1:4000 2,5m. Equidistance. The map is made according to the IOF sprint distance standards - ISSprOM 2019, by Valentin Shishkov July 2020 – March 2021

Terrain: From moderately steep to steep with a lot of small roads, alleys, and stairs.

Roads: Paved, cobbled, and asphalt roads, stairs, and alleys from all categories.

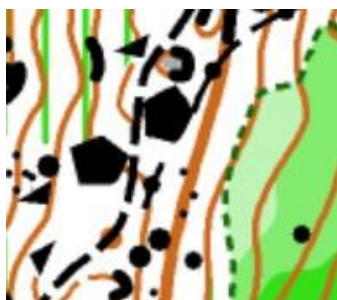

Vegetation: Mostly single trees and bushes, but some of the areas between houses are overgrown.

Sunday 28 March 2021

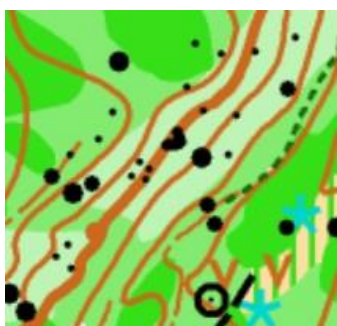

Middle Distance „Three Hills“ Cup

Map Derventa

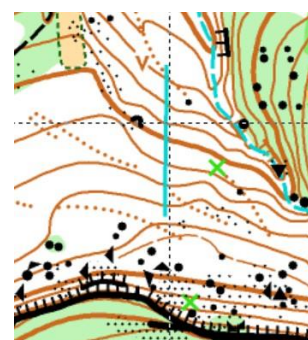

Scale 1:7500 5m. Equidistance. The map is made according to the IOF standards ISOM by Apostol Atanasov and Valentin Shishkov July 2020 - March 2021

Terrain: Varying from flat to very steep – from small pits and trenches to steep slopes with gulleys. In some parts the map has a lot of stone details – cliffs, boulders, and other rock formations. There is a cliff ring that is up to 40m high that passes through the map.

Paths: There is a moderate amount of paths and tracks from all categories, but mostly in the flatter part of the map.

Vegetation: Varying in runnability – from high to very low. Approximately 30% of the map are open areas. The forest is mostly deciduous (oak and hornbeam). There are areas with coniferous trees with undergrowth.

Water: There is a river passing through the northern part of the map. Small streams are present in the gulleys.
